## Homes

McLain Homes, LLC, founded in 2002, is the culmination of a lifetime of experience in real estate and construction, with a solid reputation for building beautiful homes in the Acadiana area.

Bryan and Sylvia McLain have built their reputation on quality craftsmanship, nurturing relationships that include loyalty to their clients, respect for their subcontractors, and years of dedication to the St. Jude Dream Home project.

"I believe that my job as a builder is so important! We help create memories and lifestyles for many families that impact each of the people who live in our neighborhoods and homes! I am blessed to be a part of so many lives in our community and am happy that I have found the St. Jude Dream Home program as a way to give back just a little of what my family and I have been given."

ABOUT ST. JUDE

St. Jude Children's Research Hospital is leading the way the world understands, treats and cures childhood cancer and other life-threatening diseases. It is the only National Cancer Institute-designated Comprehensive Cancer Center devoted solely to children.

The mission of St. Jude Children's Research Hospital is to advance cures, and means of prevention, for pediatric catastrophic diseases through research and treatment. Consistent with the vision of our Founder Danny Thomas, no child is denied treatment based on race, religion or a family's ability to pay.

Treatments developed at St. Jude have helped push the overall childhood cancer survival rate from 20 percent to 80 percent since the hospital opened more than 50 years ago. St. Jude freely shares the breakthroughs it makes, and every child saved at St. Jude means doctors and scientists worldwide can use that knowledge to save thousands more children. Families never receive a bill from St. Jude for treatment, travel, housing and food—because all a family should worry about is helping their child live.

“  
No child should  
die in the dawn  
of life.  
”

Danny Thomas, founder
