- Cottages at Buckshot Landing (Houston)

Homes

McLain Homes, LLC, founded in 2002, is the culmination of a lifetime of experience in real estate and construction, with a solid reputation for building beautiful homes in the Acadiana area.

Bryan and Sylvia McLain have built their reputation on quality craftsmanship, nurturing relationships that include loyalty to their clients, respect for their subcontractors, and years of dedication to the St. Jude Dream Home project.

"I believe that my job as a builder is so important! We help create memories and lifestyles for many families that impact each of the people who live in our neighborhoods and homes! I am blessed to be a part of so many lives in our community and am happy that I have found the St. Jude Dream Home program as a way to give back just a little of what my family and I have been given."

ST. JUDE DREAM HOME® Giveaway 2023

ABOUT ST. JUDE

St. Jude Children's Research Hospital is leading the way the world understands, treats and defeats childhood cancer and other life-threatening diseases. Our purpose is clear: Finding cures. Saving children.

Families never receive a bill from St. Jude for treatment, travel, housing or food - so they can focus on helping their child live. By sharing our breakthroughs and exchanging ideas openly, we're inspiring more collaboration between doctors and researchers worldwide, and, as a result, providing more lifesaving treatments for children everywhere.

Treatments invented at St. Jude have helped push the overall childhood cancer survival rate from 20% to more than 80% since it opened in 1962. Because a majority of St. Jude funding comes from generous donors, St. Jude has the freedom to focus on what matters most— saving kids regardless of their financial situation.

“
No child should die in the dawn of life.
”

Danny Thomas, founder
